Forthcoming Events

Saturday 22nd November, 11-5pm

Swiss Fine Wines

Expert Ian Steel will be on hand to guide us through what for many will be a new experience. In his words “If we had £1 for everybody who said “I didn’t know Switzerland made wine” or “Switzerland is too cold to make wine” we would be very rich! In fact the Swiss make as much wine as New Zealand, but at the last count only export 2% of the wine produced.” So if you would like to know your Fendant’s from your Johannisberg’s this is going to be a real education.

Saturday 6th December, 10-6pm

Grand Open Day

Our third annual, pre-Christmas, Open Day tasting. As usual we will have a large and varied selection of excellent wines, fizz and the odd Cognac & Whisky to taste from across the range. There will be all manner of suitable things for Christmas, plus many gift ideas, special offers and extra discounts on the day.

Email details

Do we have your email address? We intend to hold monthly tastings in the shop and some of these will only be advertised electronically, so please give us your email address should you want more regular event information.
